SUMMARY

I am a **React.js Developer** with **3 years** of experience in designing and developing dynamic web applications. Proficient in utilizing React.js and related technologies to build scalable and interactive user interfaces. Skilled in collaborating with cross-functional teams and delivering high-quality code within project deadlines. Constantly seeking to expand knowledge and stay up to date with the latest trends in front-end development.

SKILLS

- **Front-End Technologies**: React.js, JavaScript (ES6+), HTML5, CSS3, SASS, Bootstrap
- **State Management**: Redux, Context API, React Query
- **API Integration**: RESTful APIs, Axios
- **Tools & Platforms**: Git, Webpack, Babel, NPM
- **Testing**: Jest, React Testing Library
- **Others**: Agile/Scrum, Performance Optimization, Responsive Design

EXPERIENCE

System Engineer (Developer)   Jan 2022 - Present
Tata Consultancy Services   Pune

- Designed and implemented scalable, interactive UI components using **React.js** and modern JavaScript standards.
- Integrated **React Router DOM** for seamless navigation and enhanced multi-page user experience.
- Collaborated with backend developers to integrate **RESTful APIs**, ensuring seamless data flow and dynamic content rendering.
- Optimized application performance, achieving a 20% reduction in load time through code splitting and lazy loading.
- Built reusable and modular components, enhancing development efficiency by 30%.
- Worked closely with the QA team to debug and resolve issues, ensuring cross-browser compatibility.
- Implemented state management solutions using **Redux** and **Context API** for complex application workflows.

PROJECTS

Country Information App

- Implemented seamless routing using React Router DOM and fetched API data with Axios to build a dynamic, user-friendly web application.
- Designed and integrated advanced search, filter, and sort functionalities, alongside responsive form management to enhance user interaction.

Character Searcher App

- Developed a React.js application featuring a search function to explore data from the API.
- Enhanced the app with error handling, loading states, and responsiveness, creating an interactive and user-friendly experience.

EDUCATION

RCPIT, DBATU University   2017-2021
Bachelor of Technology (Civil Engineering) **CGPA: 8.78**

CERTIFICATIONS

React Essential Training, LinkedIn Learning   2024

AWARDS AND ACHIEVEMENTS

Appreciated for being available, taking on ad-hoc tasks, and executing them on time.   2023
